

Annual Summer Application Workshop/Seminar

Presented by:

**Hess Log Home Supplies LLC
&
Perma-Chink Systems, Inc.
Petersburg, PA**

**Saturday, August 15th, 2009
9 AM to 3 PM**

Hess Log Homes Supplies is pleased to announce an informative workshop for people interested in applying products to their homes that set the industry standards. The main purpose of the workshop is to educate and demonstrate. There is no cost for the workshop and a lunch break with food and refreshments will be provided compliments of Hess Log Home Supplies.

Perma-Chink Systems has designed an informative program that will train homeowners and applicators in all aspects of product application and log home maintenance, to provide assurance for a successful project.

Every year has proven that the hands-on experience gained is well worth the day's investment. Please feel free to bring your log samples for blasting, staining, technical advice and/or other product demonstrations to help you decide the best way to proceed with your project.

Some of the day's highlights include:

- **Introduction of our new products**
- **Annual inspection and maintenance tips for your log home**
- **In-depth information on all Perma-Chink Systems, Inc. products**
- **Blaster-Buddy demonstration**
- **Tools of the trade**
- **Proper application of preservatives, stains and sealants**
- **Meet other log home owners and professional log home contractors**

For questions, additional information or accommodations, please call Hess Log Home Supplies at (800) 257-4864 or email us at info@hessloghomesupplies.com.
